

Ogrifox, Ox-Latekscb, Protective Gloves Ox.II.558 Lateks

Variants: 8

Protective gloves.

- knitwear: 100% polyester (stitch 13)
- latex coated with a rough structure ensures excellent grip without stiffening the glove
- finished with a welt
- stretchable and durable, even though they are thin
- flexible, so they fit perfectly to the hand
- they do not shrink in contact with water and ensure excellent dexterity while limiting the slipping of the held object
